Joseph Coody	62	Chiccamogga	3 spayed sows & 3 yearlings	15	00			62	Colonel Lillards Regiment killed the first hogs & their skins were found. the other hogs were killed by the Waggon guards as they marched thro at different times, – the Cow was found having died of its wound. Robbins saw the soldiers carry away the meat of the heifer. they told him that they had sold the head for whiskey while Lillards Regiment lay near his house one of the sentinels shot one of his hogs at the Dawn of day & he applyd to the Colo. for pay he only replyd that he had already paid a great deal of money to save the credit of the regiment this was all the answer could get. that he had good reason to believe that all his hogs have been killed by the Army – his corn was taken out of his field by Genl. Whites Brigade: that he would make oath to the justness of his claim

Remarks

The claims stated in this abstract were taken by an Intelligent Interpreter & first entered by me on a large sheet which will accompany this abstract: I have no doubt of the Justice of these claims; it is notorious that insubordination and licentiousness for some time threatened the dissolution of the left wing of the army. There has no complaints came to me from that part of the Country through which the right wing marched under the immediate command of General Jackson the two wings of the army were divided during the winter by two ranges of high mountains— Since the junction of the two Divisions of the Tennessee troops with the accession of the 39th Infantry commanded by Colonel Williams, good Order has been established by the address & resolution of General Jackson & we hear of no more marauding or desertion

Return J. Meigs

Capt. Lewis's absentees Station'd At Fort White Fort [redacted] Easly

J. L. Nicolls Adjutant

Easley's Stockade is situated on the East side of Bigbe 40 miles above St Stephens on the frontier settlements — White's Stockade is situate in the fork of Bigbe & Alabama rivers on the frontier I am of opinion neither of those posts requires to be garrisoned at this time, previous to the late expedition those places [illegible] with but a small guard to take care of the public provisions there

Easleys White, Alabama Heights, and Pierce are the four Posts I was ordered to garrison —
